Is Your Resume Getting Lost in an Avalanche of Applicants? Now You Can:

Command Attention,
Obliterate The Competition,
And Get The Job!

Make More Money With A Custom Crafted Resume – Delivered In As Little As 24 – 48 Hours!

The US Department of Labor reported that 31.4 million people heard the words “You’re Hired!” in 2005.

That’s roughly 2.6 million every month.

108,000 every day. (Figures based on U.S. Dept of Labor, Gross job gains 2005)

Which means that every hour you spend thinking about your resume, 4,500 people get jobs. Many of them are less qualified than you – but that doesn’t stop them from collecting their new salaries.

Salaries that could have been yours.

And we never disclose your email address to potential spammers.

With competition this stiff, a resume that's "good enough" – isn't. Average won't cut it. The pile of applicants is just too big.

The only way to land that perfect job is to eliminate the competition at every step. You've got to out-network them. You have to give a better interview. But before you even get that far, you absolutely must have a superior resume.

Because you can bet that your competitors have pulled out all the stops. A whole lot have hired professional resume writers to make them look better than you.

A do-it-yourself job doesn't stand a chance beside them.

How To Eliminate The Competition

An exclusive Custom Crafted Resume by The Resume Advantage does more than compete. It blows the competition away – and gets you the interview!

While other companies are happy with the original form you fill out (they re-arrange your information and call it a "Professional Resume") we take the time to get to know you. We don't stop at one, or even two live phone conversations. We'll take as much phone time (and as many emails) as it takes.

Other companies – that claim to be "professional" or "number one" – just don't stay with you long enough. As soon as they've finished your resume, they dump a bunch of out-dated e-books on you – and then they're gone. Right when you need them the most.

The Resume Advantage team will work one on one with you to Custom Craft a resume that obliterates your competition and make you look better than you ever thought possible.

Because a powerful resume is only the first step to landing your dream job. Some of the best jobs available today are never advertised in the

newspaper or online – you have to know how to network to find them.

And you still have to give an outstanding interview.

That's why The Resume Advantage has developed our exclusive Total Search Success™ E-Course. It's a five part, interactive course that will help you:

- Discover the secrets of networking, so you find the jobs that are hidden to others
- Be in complete control of your job search, maximizing your time and effort while keeping stress and uncertainty at bay
- Give interviews that leave no doubt in the recruiter's mind that you are the **only person** for this job
- Power-negotiate your sweetest dream deal
- Plus much more...

The Resume Advantage has been voted best resume writing service since 2003 by Long Island Guide users.
